ABOUT US

Baid Wire and Cable Pvt Ltd is an **ISO 9001:2015** Certified and UDYAM Registered Company manufacturing PVC Insulated Wire & Cable since 2013. Right from its inception, we have provided customers with the highest quality products and continuously improved productivity, efficiency, and safety.

Despite being established in a less industrialized area of Rajaldesar, Rajasthan, founder **Shri Narendra Baid** made the 'Baid' brand one of India's most satisfying wire and cable brands. Using vision, dedication, and determination, the company delivers a quality product that is long-lasting, durable, and highly satisfying for its customers.

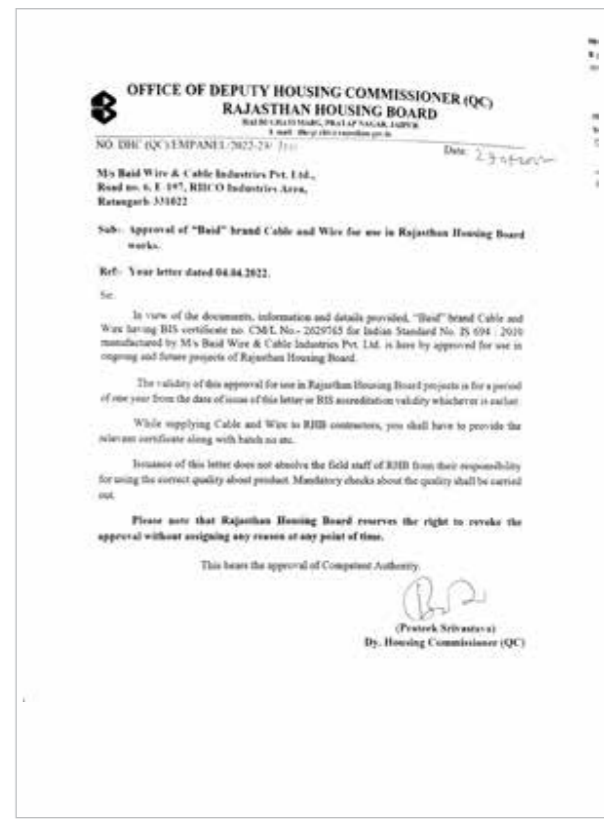

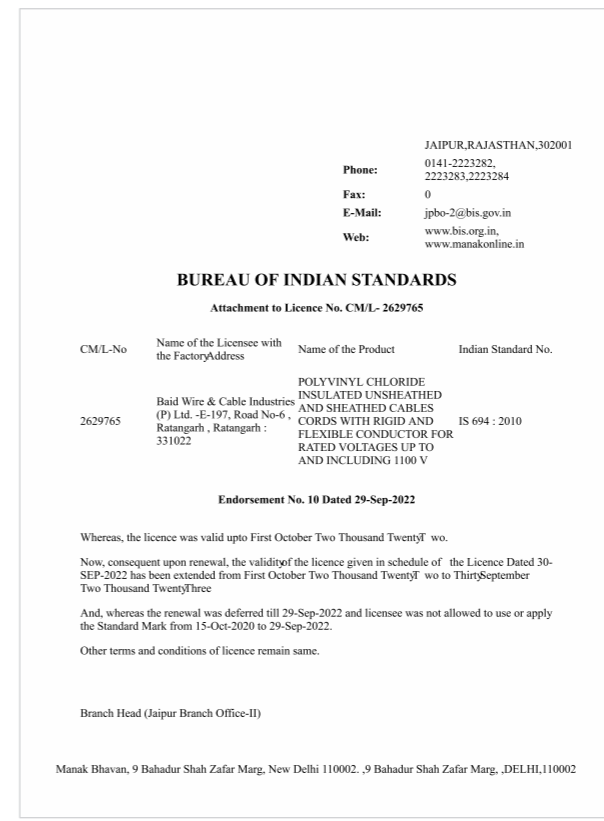

All our products are made from NABL- certified copper to meet domestic and industrial needs. Furthermore, our products are fully BIS-approved and licensed, and our research and development team continuously develops the highest quality modern & innovative products for our large customer base.
